productions of the highest order, whether in Marble, Plaster or Gips. An extensive variety of CHINESE-PIECES of the most classic designs and elaborate workmanship, executed in various marbles, are among the specimens, specially inviting the attention of parties whose tastes are undergoing embellishment; while a large collection of statues, busts, vases, and other appropriate novelties for the library, the saloon, and the cabinet, are also to be seen.

Early as practicable. In the meantime, it is respectfully estimated that all orders will be received by the firm as usual, and executed with the same regard to perfect workmanship, strict economy, and punctuality, which has hitherto secured them so many distinguished patrons. After the ultimate sale of the stock, the business will be continued by a new proprietary, whose names will, in due time, be announced to the public.
